[4:23 pm, 14/02/2026] Tasmim Rhaman Medha: Under /s3, there is a s3 bucket mounted, so teams can access their data:

```
aws configure set aws_access_key_id <access_key's_AWS-like_ID>
```

```
aws configure set aws_secret_access_key <access_key_contents>
```

```
aws configure set region eu-north1
```

```
aws configure set endpoint_url https://storage.eu-north1.nebius.cloud:443
```
